6-6-2008

Just loved the performance. You all work so hard & I really appreciated that. You are all very good so keep up the good work!

Food was scrumptious - thank you. Just one costume matter for "Diana" "In Latin" you need to be mindful of your undergarments.

We'll be back !!

An excellent production! Congratulations Lynne Collins. A very difficult play done extremely well. A credit to all players. It is very hard to single out any player as each had their "line" and did so very well. I wish you all the same success in your future productions. Judging by the way the audience were drawn closely into the events, the production must be considered a brilliant success. John Collins

Go the Mo - Saul was awesome, so funny!

Thine great performance Thine after Thine.

Just let us know if you need a prop coordinator - Rum is much better than wine.

Cannot be too different to a normal MITS Rehearsal,
although, the first night does really come off well,
Excellent Presentation of all actors, almost Coarse acting.
