thought through and presented. Ben Assfield

A great effort all round - both junior and senior  
groups were excellent - it brings back some  
~~teen~~ teenage issues of my own. Keep up the  
great work you guys it is a pleasure to come  
and watch these shows. Thanks Sue & Jose.

Well done again  
Fiona Miller.

BRAVO! BRAVO! Well done. Great effort,  
really enjoyed it.

I really really enjoyed it. I'm not so scared of  
Teenagers now.

Good work. Some real talent coming through.

Jennah & Sam rock  $\Rightarrow$  Sodo Joe & Sue

Well done harliques (I think that's how u spell it but Sam reckons its wrong!) it was a really good show of the last 2 weeks of comitment paid off. I wish more comitment was shown through-a the semester, but we learn from lessons. thanx alot for all the help & comitment shown from Cobos & Sue (I luv u people dearly). Any way My ~~for~~ hand is sore and cold.

XOXO Jennah

Well guys - Juniors very good. A great laugh. Loved the comando rolls. Seniors I feel that you did pull it off But a better attitude towards comitment is required. You need to foster the words TEAM WORK and put your all into every lesson. Overall not bad.

Maik Thon

Firstly, thankyou to Jose & Sue for all the hard work! And, to all the MITS members (adults) who came down to help. Lastly, thanks to the kids who, despite an obvious & frustrating lack of comitment & drive, managed to scrounge together a top show. I hope we can accept & learn, and continue this brilliant program in future years. I'm glad I've been a Harlequin (that's how you spell it!).

- Sam.
